

Harrisonburg City School Board

Guiding Principles

These four principles guide the School Board through all decisions and conversations regarding the budget process, developing and approving policies, and advocacy efforts at the local, state, and federal levels:

1. Promote the delivery of a learning experience for every child so that they want to come to school.
2. Foster mutually beneficial relationships between the school division and stakeholders.
3. Promote the development, attraction and retention of a highly qualified workforce that reflects our community.
4. Provide a high quality, modern, uncrowded learning environment for every child.
