

Your prescription drug plan

Your Prescription Drug 10-40-75 Plan	Tier 1 Copay	Tier 2 Copay	Tier 3 Copay
Up to a 30-day medication supply at participating retail pharmacies	\$10	\$40	\$75
Up to a 90-day medication supply delivered to your home	\$20	\$80	\$150

Under the Affordable Care Act, prescription, medical and behavioral costs all count toward one combined out of pocket maximum. Please refer to the KeyCare benefit summary for the out-of-pocket maximum established for your medical and pharmacy benefit.

Retail Pharmacy Network

Our network includes more than 69,000 pharmacies across the country. That means you have easy access to your prescriptions wherever you are – at work, home or even on vacation. Using pharmacies in the network will help you get the most from your drug plan. When picking up your prescription at the pharmacy, be sure to show your plan ID card.

Home Delivery Pharmacy

Members needing maintenance medications also have the option to use our Home Delivery Pharmacy service. Our preferred Home Delivery Pharmacy, managed by Express Scripts, sends you the medicine you need, right to your door. As a home delivery customer, you'll also enjoy:

- 90-day maintenance medications for less cost than if you purchased them at a retail location
- Free standard shipping
- Access to pharmacists for drug questions
- Safe, accurate prescriptions

Ordering refills

With home delivery, you don't have to worry about running out of medication. That's because the pharmacy will let you know when it's time to order refills. You can easily order by phone, mail or online.

Specialty Pharmacy

Accredo, the Express Scripts specialty pharmacy, provides support and medicine for people with complex, long-term conditions. They include (but are not limited to):

Drug list

Our drug list (sometimes called a formulary) is a list of prescription drugs covered by your plan. It's made up of hundreds of brand and generic drugs. We research drugs and select ones that are safe, work well and offer the best value. That's because we think it's important to cover drugs that help people stay healthy so they can work, go to school, and continue the activities of a busy life.

Sometimes we update the Drug List if new drugs come to market, or if new research becomes available. To view the current list, visit anthem.com. Click on "Customer Care" in the top-right corner. Select your state, then click "Download Forms." You'll find the Drug List on this page. If you don't have access to a computer, you can check the status of a drug by calling Customer Service at the phone number on your plan ID card.

Preferred Generics

If you're taking a brand name drug, you could save money by switching to an effective, lower cost generic drug. Your plan covers both brand and generic (or non-brand) drugs. When you choose a generic, you'll get the effectiveness of a brand drug – but usually at a lower cost.

Prescription drugs will always be dispensed as ordered by your physician. You may request or your doctor may order, the brand name drug. If your doctor orders a brand name drug, you will be responsible for the appropriate second-tier or third-tier copayment. However, if you request a brand name drug that your physician has not ordered and a generic is available, you will pay your usual copayment for the generic drug plus the difference in the allowable charge between the generic and brand name drug.

Prior authorization

Most prescriptions are filled right away when you take them to the pharmacy. But, some drugs need our review and approval before they're covered. This process is called prior authorization. It focuses on drugs that may have:

- Risk of serious side effects
- High potential for incorrect use or abuse
- Better options that may cost you less

If your drug needs approval, your pharmacist will let you know. To check in advance, call the Customer Service phone number on your ID plan card.

Step Therapy

Step Therapy may be required for certain drugs. Step Therapy refers to the process in which you may be required to use one type of medication before benefits are available for another. Step Therapy helps you and your doctor choose drugs that are safe, affordable and right for you. When your doctor prescribes a drug that requires step therapy, a message is sent to your pharmacy. This lets the pharmacist know you must first try a different, similar drug that's covered by your plan. The pharmacist will call your doctor to get a prescription for the new drug.

Quantity Limit

Taking too much medicine or using it too often isn't safe. And it may even drive up your health care costs. That's why your plan may limit the amount of medicine that's covered for a certain length of time. For example, a drug may have a limit of 30 pills per 30 days. If you refill a prescription too soon or your doctor prescribes an amount that's higher than usual, your pharmacist will tell you.

The Drug List also includes this information. To view it, visit anthem.com. click on "Customer Care" in the top-right corner. Select your state, and then click on "Download Forms." You'll find the Drug List on this page.

Anthem Blue Cross and its affiliate, HealthKeepers, Inc., receives financial credits from drug manufacturers based on total volume of the claims processed for their product utilized by Anthem Blue Cross and Blue Shield and Anthem HealthKeepers members. These credits are retained by Anthem Blue Cross and Blue Shield and HealthKeepers, Inc. as a part of its fee for administering the program for self-funded groups and used to help stabilize rates for fully-insured groups.
